SUPPLEMENT TO REPORT NO.

1. Dr. Camilo Barcia Trelles of the University of Santiago de Compostela, Spain, is now in Buenos Aires to deliver a series of lectures at the Facultad de Derecho y Ciencias Sociales. Dr. Barcia was contracted by the Argentine Nationalist leader, Dr. Jose Maria de la Rosa, to discuss "North American Isolationism", "The Charter of the United Nations", and "The Islas Malvinas". He is being paid 500 pesos for each lecture in addition to all traveling expenses.

- 2. Introduced at his first lecture by Luciano M. Moreno Quintana, Dr. Barcia expounded the virtues of Hispanic unity, praised Argentina's international policy and its United Nations representative, Dr. Arce, and attacked the United States. He declared that the United States has not abandoned its pre-war isolationist policy and that the Charter of the United Nations, which was based on the dictates of the United States, is incapable of dealing with the world situation in accordance with true international law.
- 3. The Alianza Libertadora Nacionalista (ALN) ordered its university members to attend Dr. Barcia's lectures. Some of the most important Nationalist figures of the country have also been present at the lectures.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
